Simply the best...

There are a number of key reasons why Travel Uni leads the way in online travel training.

IN-DEPTH TRAINING

Travel Uni's portfolio consists of over 50 training programmes, with six more currently under development. Already the market leader in travel trade training, the huge investment in upgrading its IT capability is designed to ensure it stays head and shoulders above other training providers.

IN-DEEP COVERAGE

Close links with sister publications *Selling Long Haul* and *Short Breaks & Holidays* ensures ongoing and substantial trade media exposure of all Travel Uni's programmes. This ensures a high profile among the travel agents' community – evidenced by the 800,000 monthly website hits.

PERSONAL SUPPORT

Travel Uni's dedicated team prides itself on providing a total training package – not just informative, easy-to-use modules, exams and certificates, but also extensive back office facilities to help partners monitor agent progress and communicate regularly with them to support their learning and sales.

24/7 TRAINING SUPPORT

Each partner gets 24/7 access to management information and full statistics on users, plus access to a database of agent users. They can track progress, target further training, join trips and news updates and build meaningful, long-term relationships with those retailers actively working with their destination.

NEWS UPDATE | JUNE '09

Cayman Islands still calling agents

The Cayman Islands is counting down the days to the closing date of a year-long travel agents' competition that offers winners the chance to win two holidays of a lifetime.

You and a friend or partner could be sitting off to the year-round warm and sunny Cayman Islands this summer – but you need to get your entry in quick.

Simply sign up to the destination's training programme and train on the three Cayman Islands – and then ensure all your holiday bookings to the Cayman Islands are registered on

www.caymanislandsacademy.co.uk.

The prize on offer is a seven-night holiday to the Cayman Islands for two. The lucky winners will be announced and released at the end of June. www.caymanislandsacademy.co.uk

Motown history can be hit with clients

Get motivated to learn all about the fabulously diverse Great Lakes of North America and you could win a box set of music CDs featuring classic Motown hits.

The Complete No. 1's Deluxe 10-CD Set comes in a Collector's Box and will provide the perfect sing-a-long tracks to get you inspired to sell the region.

The Motown Historical Museum, one of Detroit's most popular tourist attractions, is this year celebrating Motown's 50th Anniversary. Museum exhibits chart the roots of Motown's remarkable story and chronicle its impact on 20th-century popular culture and music styles.

The museum is just one of many reasons why tourists should visit the Great Lakes region. www.greatlakesnorthamericatraining.co.uk

The tourist office has now also uploaded onto its website the latest training video from Chicago Joe. In this, his fourth video and podcast, Joe focuses on the unique and diverse entertainment available in the state of Illinois, including historical Route 66 and the rich Presidential history of the state. www.gochicagoandillinoisacademy.co.uk; www.gochicago.com; www.avenuehotelchicago.com
